

TUNISIAN DEGLET NOUR DATES AND DATE INGREDIENTS

FROM TUNISIA'S OASES TO YOUR MARKETS

From the Tunisian oases to your market

Sudattes is a Tunisian company dedicated to bringing the excellence of Deglet Nour dates to international markets. Built on a deep connection to the land and a strong understanding of the global date trade, we work closely with farmers, partners, and distributors to deliver products that reflect the authenticity, quality, and heritage of Tunisian dates.

Our group operates three production facilities across the region - including two run under our other brand, **Oasis du Sud** which gives us the combined sorting, processing and cold-storage capacity to supply both large-volume bulk programs and fully personalized private-label retail lines.

This catalogue presents our full 2026/2027 crop range ahead of the new harvest.
